### Volatile Investment Markets

The New Year has produced plenty of heartburn for investors in the public markets, particularly the stock and commodity markets. Hopefully, our Limited Partners are comforted by DiVall's comparative stability in both asset value and distributions from our triple net restaurant leases unencumbered by debt.

Most of our restaurants experienced sales growth in 2015. Perhaps their customer base has a bit more disposable income from lower gas prices to spend for quick service dining.

### 2015 Percentage rents increase 9.7% over 2014

Percentage rents earned in 2015 were \$549,289 up from \$500,746 in 2014. The increase is attributable to stronger sales volume across multiple Wendy's locations inside our portfolio of properties. Cash received from the percentage rents will be distributed to the limited partners as part of the first quarter distribution, scheduled to be mailed on May 16, 2016.

## **QUESTIONS & ANSWERS**

- ❖ ***When can I expect to receive my next distribution mailing?***  
Your distribution correspondence for the First Quarter of 2016 is scheduled to be mailed on May 16, 2016.
- ❖ ***When will the Partnership mail the 2015 K-1's?***  
2015 K-1's are estimated to be mailed to investors in the first week of March 2016.
- ❖ ***What was the estimated December 31, 2015 Net Unit Value ("NUV")?***  
Management has estimated the December 31, 2015 Net Unit Value of each interest of the Partnership to approximate \$340. Please note that the estimated year-end NUV should be adjusted (reduced) for any subsequent property sale(s) or applicable impairment write-downs during the following year. As with any valuation methodology, the General Partner's methodology is based upon a number of estimates and assumptions that may not be accurate or complete. Different parties with different assumptions and estimates could derive a different estimated NUV. Accordingly, with respect to the estimated NUV, the Partnership can give no assurance that:
  - an investor would be able to resell his or her units at this estimated NUV;
  - an investor would ultimately realize distributions per unit equal to the Partnership's estimated NUV per unit upon the liquidation of all of the Partnership's assets and settlement of its liabilities;
  - the Partnership's units would trade at the estimated NUV per unit in a secondary market; or
  - the methodology used to estimate the Partnership's NUV per unit would be acceptable to FINRA or under ERISA for compliance with their respective reporting requirements.
- ❖ ***How can I obtain hard copies of Quarterly and Annual Reports or other SEC filings?***  
Please visit the Investor Relations page at the Partnership website at [www.divallproperties.com](http://www.divallproperties.com) or the SEC website at [www.sec.gov](http://www.sec.gov) to print a copy of the report(s) or contact Investor Relations.
- ❖ ***What is the meaning of the word "Insured" in the name of this investment?***  
In the offering materials from the late 1980's, sponsored by the former general partners, there was a representation (but no "guarantee") that the Partnership would seek to insure rents from vacant properties. Although, there was some initial availability of very restrictive and limited (one year) insurance, that availability vanished in the early 1990's.  
In other words, the former general partners were "fast and loose" with professing the concept of "Insured" and the next and final partnership they sold did not use the term in the investment's name.
- ❖ ***How do I have a question answered in the next Newsletter?***
